

Md. Imran Hosen

ICT Undergraduate Student

Mawlana Bhashani Science and Technology University

Department of Information and Communication Technology

Expected Graduation: Late 2028

Email: imranhosen3315@gmail.com | GitHub: github.com/IMRAN-8 | Bangladesh

Professional Summary

Motivated ICT undergraduate with strong interests in Artificial Intelligence, Competitive Programming, Software Engineering, and the Internet of Things (IoT). Passionate about building practical software, solving algorithmic problems, and continuously improving technical skills for research and engineering careers.

Education

B.Sc. in Information and Communication Technology

Mawlana Bhashani Science and Technology University

Current: 2nd Year, 2nd Semester

Expected Graduation: Late 2028

Technical Skills

Programming: C++, Java, Python, JavaScript

Web: HTML, CSS

Tools: Git, GitHub, Linux

Embedded: ESP32, Arduino

Featured Projects

- **Luna AI Assistant** – AI assistant using ESP32, voice interaction, and intelligent workflows.
- **Codeforces Stats Card** – Competitive programming profile automation tool.
- **SFML Tennis Game** – C++ game demonstrating OOP and graphics programming.
- **Weather App** – Frontend application using JavaScript and APIs.

Research Interests

Artificial Intelligence, Machine Learning, Software Engineering, DevOps, Cloud Computing, Internet of Things.

Career Objective

To pursue a career in Artificial Intelligence and Software Engineering while contributing to impactful research and building reliable, scalable software solutions.
